I sell google products in addition to the topics mentioned in the free content below. Getting Started – This a free paid course. 2) What is a commission? How do I calculate my commissions? The commission for any product is dependent on the product it is listed in. My commission ranges from 15%–40%. 3) I'm not selling multiple products. Do I get paid less? You will not get paid less because you are selling multiple products. This is due to Google's tax policy. 4) I'm not selling paid advertising. Will Google drop my rankings? No. The ads are pure content. Although they might have a page rank of 10, it means no traffic. 5) What is Content Evolution? Content Evolution is the process of creating and submitting new pieces of content for Google. How can I get started? Free content is not great. I recommend creating a paid content site. I market my site by writing about the products my site sells. My content is an advertisement for the product. I also blog about things my site sells with affiliate links. This allows me to market my website. I follow the guidelines on CPA/CPAcme and tell them in my free content that I am an affiliate to the product. My free content also contain a link back to my paid content. This way I have a link to my paid content (free content) without links to my paid content.
