EA SPORTS FIFA is a premier sports video game franchise, bringing to life the sport's legend enforcers: Ronaldo, Pele, Maradona and many more. Play the most complete and authentic football experience with fans, clubs and stadiums all over the globe. Why EA SPORTS FIFA? FIFA is a truly unique sporting experience. Enjoy the most complete and authentic football simulation, featuring the deepest set of licensed teams and clubs, 15-a-side, 11-a-side and online multiplayer, along with a dramatically improved presentation and gameplay. Play the game that has become the video game industry benchmark for authenticity and

player emotion. Powered by Football A new engine and physics technology allow developers to create the most dramatic and authentic versions of the ball, the player, and the environment. Feel the speed of the game and prepare yourself for thrilling on-pitch action. Gamers are more connected than ever before thanks to new innovative social features, including FIFA Ultimate Team™, where you have more control over your on-screen personalisation than ever before. Manage your career in the new Skill Games, where you can enhance your talents in four different on-pitch skills, and compete against your friends for bragging rights. New features like contextual quick-reference icons and new animations give you a far more detailed and accurate view of the sport that you love. New Player Behaviour New Players will respond to the ball differently than they did in FIFA 19. New Players will react

differently to the ball, handling it differently in various types of challenges. This will have a massive impact on the flow of the game, and will change the style of your matches and challenge you to adapt your tactics to play against the new ways that the ball will behave. New Playmaker Responses Player awareness and reactions have been thoroughly re-engineered to create a more interconnected football experience. Take your skills to the next level in new Freestyle Skills - like Overhead Volley, using Dribbling, the Leap Kick or Stutter Step - and perform show-stopping moves in the new Connected Play animations. New Agility and Balance New levels of player agility and balance have been added, providing a greater balance between player speed and player control, and the ball, allowing you to apply your dribbling skills in tight spaces. Balance tuning will continue to evolve over time,

It's been a long time coming and we're thrilled to finally be able to reveal how you'll be able to get your hands on the game on October 28 when FIFA 22 launches on PlayStation 4, Xbox One and PC. Pre-order FIFA 22 here today to secure your copy of the game - Xbox One players with pre-orders of over \$100 get a digital copy of FIFA 20. FIFA 18 was the

most-requested platform for post-launch content and content packs, so we've taken all the feedback and added a ton of content into FIFA 19, including the dynamic weather system and improved close control. In addition to this, we've added new kits, arenas, player models and more. We've also upgraded the locomotion system with the most realistic set of movement in the history of the series, as well as a new ball physics model and the addition of pre-cinematics to all goal animations. We've also added the first
